# SK1-20 Series

Vertical

**SK1-21**

**SK1-22**

**SK1-24**

## Two Inch Thermal Kiosk Receipt Printers

The SK1-20 two-inch series provides dependable, maintenance-free printers that have a fast print speed of 200mm/sec with 203 dpi resolution.

It comes in either standard format (horizontal orientation) with and without presenter, drop-in paper loading without presenter, or vertical format (vertical orientation) with and without front paper loading. Both standard and vertical formats come equipped with RS-232C and USB interface which integrates with many commonly used kiosk solutions. For kiosks where space is a concern, the SK1-22 printers offer a compact design that can fit into a variety of applications.

The SK1-24 vertical format printer with front paper loading feature is specifically designed for gas pump application. Available options include large paper roll holder and bezel paper detector for the entire SK1-20 series.

- **High Speed: 200mm/sec**
- **Modular Design for Easy Integration**
- **Available with and without Presenter and Front Paper Loading**
